

FER2 Food Grade Electric Chain Hoist

KITO®

Bronze Level FER2M with optional stainless steel load hook

FER2 FOOD GRADE ELECTRIC CHAIN HOIST
500 kg up to 5,000 kg load capacity

HOIST FEATURES

- 380 - 440 V, 50 - 60 Hz, 3 phase
- 24 V AC control voltage
- Frequency inverter for dual lifting speed
- Overload protection via carbon friction clutch
- Upper and lower limit switch
- Operation hours / lifting cycles counter
- Operating temperature -20°C up to +40°C, max. 85% humidity
- Thermal motor protection
- Die-cast aluminium body (IP55)
- Nickel-plated load chain grade T, series DAT (G80) in accordance with standard EN818-7

FER2M-010

PURITY & HIGHEST RELIABILITY

FER2 electric chain hoist with food grade options like epoxy paint, stainless steel load hook up to 2t load capacity stainless steel load chain up to 800 kg, nickel-plated chain stopper and chain spring, limit plate and chain container made of stainless steel and much more.

INDIVIDUALLY TAILORED TO YOUR NEEDS

Every company is different and the demands on a hoist are unique to the application. To meet the needs of your operation, we offer standardized Bronze, Silver and Gold packages as well as individual solutions.

Type	Load Capacity	Body size	Lifting motor		Lifting speed (m/min)*			Load chain diameter	Chain falls	Classification	Headroom C	Weight	Weight for additional 1m lift
	kg		Out- put, kW	Rating (% ED)		50 Hz

GREASE & OIL

NSF H1 compliant food grade grease and oil.

PROTECTION CLASS IP55

Sealed die-cast aluminum body.

CARBON FRICTION CLUTCH

As overload protection with consistent performance over a wide temperature range.

NICKEL-PLATED LOAD CHAIN

As standard. Grade T, series DAT (G80). Strength 800 N/mm². High strength and low wear.

OPTIONS

- Stainless steel load chain up to 800 kg load capacity.
- Motor trolley FMR2 up to 5.000 kg load capacity. Dual speed due to frequency inverter technology for smooth and safe hoist travelling.
- Stainless steel load hook up to 2.000 kg load capacity. Over 800 kg load capacity only with nickel-plated load chain.
- Push trolley (on request)

Optional silicone cover for the pendant

FER2 FOOD GRADE ELECTRIC CHAIN HOIST
Custom build

FER2 FOOD GRADE ELECTRIC CHAIN HOIST
Low Headroom

CUSTOM BUILDS

Kito offers custom-made food-grade hoists tailored to meet individual requirements. These hoists are designed to comply with strict hygiene and safety standards, making them ideal for food and beverage processing as well as pharmaceutical environments. They typically feature corrosion-resistant materials like stainless steel, food-grade lubricants, and easy-to-clean surfaces.

CUSTOMIZATION OPTIONS

- Specific lifting capacities (from light-duty to heavy-duty)
- Variable speed control for precision handling
- Custom hook designs for specific applications
- Integration with overhead crane systems and monorails
- Solutions for big-bag handling

The Kito low headroom FER2 is fixed at a profile monorail track and is meant to lift the lid of a barrel-shaped production plant

Low headroom food grade electric chain hoist

Low lifting processes are not easy. In many production facilities there are areas with a low ceiling where high load capacities have to be handled.

Make the most of minimal space

To make the most out of minimal space, Kito low headroom electric chain hoist (Short Headroom ER2 Motorized Trolley Type) is the best choice.

Special Feature

The special feature of this device is the efficient processing of the robust Kito FER2 electric chain hoist. Thanks to the low headroom chain guide the optimized hook dimensions enables the crane operator to lift the load up right below the girder. .

Lifting capacity of up to 5.000 kg

The special headroom design enables lifting height to be used as effectively as possible, with a capacities of up to 5.000 kg can be carried.

Kito Crosby is the global leader of the lifting and securement industry it pioneered, and for which it continues to set the quality standard. With global engineering, manufacturing, distribution, and operations, the company provides a broad range of products and solutions for the most demanding applications. Kito Crosby's people, products, solutions, and services have innovated the lifting and securement industry for more than 260 years.

Together we lift and secure the world today, for a safer, stronger, and more productive tomorrow. Our iconic brands include Kito, Crosby, Harrington, Gunnebo Industries, and Peerless.
